

Partner Organization Letter
Ryan J Marek
President: SunRaise Solar Network

Dear Sylvia Cenzano,

I have watched in awe at the amount of resources and energy you have invested into promoting sustainability and local food production on the island of Maui. Whether it is educating people from around the globe through the World Wide Opportunities on Organic Farms Organization, or hosting courses on food cultivation practices, the impact you have on promoting sustainability is obvious and significant.

As an active part of your organization I have seen you inspire countless people to take an interest in local food production and growing their own food. You have built such a great network of people such as fellow organic farmers who like to share their knowledge, your customer base for local food/flowers, and the people who take part in the food sharing program you organized. That network is an asset that will forever push this organization forward.

I am excited to continue to support Malamalama Farm and Center and look forward to expanding our education programs with the inclusion of clean energy. I commit to participating in and supporting the 2016 "The Wholesome Truth of Food and Family - Community Empowerment for Local Foods Sustainability" project, for the time period of September 30, 2016 to September 29, 2019 in the following ways:

- I will provide marketing input at onset of project in developing branding of the project and other aspects of starting a marketing campaign.
- I will provide marketing consulting for development of all other promotional campaigns including marketing materials."
- I will work to ensure search engine website visibility using website analytic tools.

Sincerely,

A handwritten signature in black ink, appearing to read "Ryan Marek", written in a cursive style.
