

To Whom It May Concern,

I arrived at 1120 Kaupakalua Rd, a children & women's sanctuary in NOV 2015.

My relationship had broken up, my home was in disarray and I had recently left my job. I was really lost and found such incredible support here with Sylvia

Cenzano. In the 7 months I have been here I feel like I have found a family, and no longer feel lost and alone.

I can not even begin to thank Sylvia enough for the reasonably priced accomodation and the family like support and the incredible beauty of the land.

I see Sylvia continually support single women, single mothers and young people who really need shelter and support.

there has been an incredible sense of community here, the people here turn to and help each other. This has been an important part of the family & community offering.

Warm Regards

Karen Robinson
